SANTA BARBARA LIBRARY SYSTEM ADDS COLLECTION OF "B" MOVIES Movies are Currently Available at the Central Library

SANTA BARBARA, CA – November 2, 2012

Looking for a great movie to watch -- how about considering a classic "B" movie instead? The Santa Barbara Central Library has unveiled a new DVD collection of over 150 classic "B" movies, thanks in part to a large donation. In October the Library made available these classic movies from the 1940's and 50's, and have supplemented the collection by purchasing additional titles. The list of movies includes notable classics such as *Creature From The Black Lagoon*, *Forbidden Planet*, *Plan 9 From Outer Space*, and many other detective, mystery, and science-fiction movies.

A list of selected titles may be found at the Library's web site at www.sbplibrary.org/pdfs/BMovies.pdf. The movies may also be requested and sent to any library in the Black Gold Cooperative Library System at a cost of \$1.00 each. For more information please contact any branch of the Santa Barbara Public Library System or visit us online at www.SBPLibrary.org.
